

Chhatrapati Shivaji Maharaj Mumbai International Airport celebrated India's 75th Independence Day in solidarity with the nation's fight against the pandemic

Mumbai International Airport celebrated the special occasion of India's 75th Independence Day in honour of the nation's brave fight against the global pandemic. Proudly portraying its patriotic spirit, Mumbai's iconic Mumbai International Airport was beautifully decorated for the day.

To commemorate the occasion, Mumbai International Airport had externally adorned its aesthetic white façade with bright lights in India's tricolour from August 14-16. Besides, the airport installed special art installations set up inside the terminal in beautiful tricolours to pay tribute to our freedom fighters. The airport also hosted a magnificent parade put forth by the CISF, followed by the traditional ceremony of flag hoisting and a series of activities and cultural performances that established the connect with the passengers of making them understand the struggle made by our freedom fighters and now the frontline workers, and made feel proud of being Indian. Mumbai International Airport teams also distributed saplings to the arriving passengers, including the Senseveria Green Compacta plant that purifies air by absorbing toxins through its leaves and producing pure oxygen.

On Independence Day and for a week, the airport was on high alert with stringent access to regulate entry to airport terminal buildings, all operational areas and other airport facilities. Further, extra security is deployed at the airport to prevent any untoward incidents.

About Mumbai International Airport Limited (MIAL):

Mumbai International Airport Limited (MIAL) is managed by Adani Airport Holdings Limited (AAHL), a subsidiary of Adani Enterprises, the flagship company of the globally diversified Adani Group. MIAL is a Public-Private Partnership (PPP) venture between AAHL, holding a majority stake of 74%, and the Airports Authority of India, holding the rest 26%. AAHL aims to converge India's biggest cities in a hub and spoke model through the Group's proven strength in developing and managing complex transport & logistics hubs.

With a strong understanding of modern-day mobility requirements, the Adani Group's vision for MIAL is to reinvent Mumbai International Airport as India's biggest aerotropolis, where the traditional airport nucleus of passenger and cargo infrastructure will be reinforced by interdependent clusters of commercial and residential infrastructure to create the nation's busiest airport ecosystem.

MIAL has been further envisioned as a global air-travel focal point where domestic and international flyers actively engage in business and leisure supported by metropolitan expansion that catalyses aviation-linked businesses and employment opportunities. At MIAL, we intend to create distinctiveness with an experiential offering that puts Mumbai first.
